Serial Nos. Two

Part B for February 1947

SUBJECT

Creation of an additional post of mechanic on Rs. 50-3-80 in the Sanitary Bureau with Headquarters at Hassan, and the appointment of Mr. Issac thereto.

PW 4920-2

4.2.1947.

To,

The CE I
" Comptroller
" Auditor, PWD. } thro' H. Secty

Sanctions the ——— and fixes the initial pay of — at Rs. 56/-

Serial No.

Letter No 4187-88/E dated 12-12-1946 from the Chief Engineer for Sanitation.

Requests in the circumstances reported, sanction to the creation of a post of Mistaree on Rs 50-3-80 in the Sanitary Bureau and to the appointment of Mr Issac as Mistaree in that Grade on a starting pay of Rs 62/- p'm.

The Chief Engineer states that the Water Works at Hassan and the establishment attached to it have been transferred to the Hassan Municipality for future maintenance & it is perhaps, in accordance with para 3(ii) of G.O. No PW 5434-39 dated 26-3-1945.

2. Mr. Issac attached to that Water Works is stated to be very useful and the CE recommends the creation of a post of Mistaree in the Sanitary Bureau on Rs 50-3-80 to enable Mr Issac being taken back to the Sanitary Bureau. His head quarters will be Hassan.

3. He is proposed to be started on Rs 62/- as he has been drawing on Rs 50/- for the six year. His proposal amounts to the grant of four advance increments.

NOTE—Contn. Sheet.

Mechanic for the Sanitary Bureau

File No. of 194 . | Public Works Secretariat

Serial No.

4. Recently in the case of clerks in the Chief Engineers office, who were promoted from 30-3-4560 to 30-4-70 Govt have directed that one and two advance increments may be granted to the officials who have stagnated on Rs 457- for four or five and four years respectively. The same principle may perhaps be applied in this case also.

5. The pay of the mechanic and his T.A are proposed to be debited pro-rata to the A.T. estimates of water works for which the services of the mechanic will be utilised.

6. The proposals of the Chief Engineer in paras 2 & 3 require financial concurrence.

B 22/12/46. As he is entitled to have stagnated on Rs. 50/- for the past six years three advance increments may perhaps be granted in the grade 50-3-80.

WD 23/12/46

Secy) 27/12/46

The Chief Engineer reports that a mechanic is necessary for ~~[illegible]~~ and that one Mr Isaac who ~~[illegible]~~ for a Handing to the repairs of the heavy machinery of the water works in the Mofussil places.

and that one Mr Isaac who is has experience of Deep tube wells and the post is in Stores on Water Works which is now transferred to Municipalities. may be appointed for the place in grade 50-3-80.

Mechanic for the Sanitary Bureau

Public Works Secretariat | File No. 3010/40W of 194 . | [App. F. III–2

Serial No.

This may be approved as it is very necessary to have a good service mechanic to deal with the heavy machinery in Hospital Place. His Head-quarters is proposed to be at Hamilton.

2. As he is drawing to Rs 50 for over six years. Chief Engineer recommends his transfer on advancement and his present salary of 62 in grade 50-3-80. It is enough if two increments are granted, as was done in the case of recent Government servants in the case of clerks who were promoted from 30-3-45 to 30-4-70 i.e. he may be started on Rs 56/- in grade 50-3-80.

The pay and T.A. are proposed to be debited pro-rata to A.M.W.S. ~~& Marine~~

SECRETARY TO GOVERNMENT
Date 12/12
P. W., ELECTL. & M/C.

P. W. SECRETARIAT.
3010
Date 13.12.46

The Secretary to Government,
Public Works Department,
Bangalore.

Sir,

Mechanic for Water Works in Hassan & Kadur Districts.

I have the honour to state that it is reported by the Sanitary Engineer that the Water Works at Hassan together with the establishment attached there-to has been transferred to the Municipality for future maintenance. Mr.Isaac, Operator at Hassan, is reported to have been attending to the repairs of heavy Machinery in the several Water Works in Moffusil places. But since the Hassan Water Works and establishment attached thereto has been transferred to the Municipality, the Department will be deprived of the services of Mr.Isaac who has been very useful in attending to the timely repairs and break-downs in the moffussil installations. The Sanitary Engineer has therefore proposed the creation of an additional post of a Mechanic in grade Rs.50-3-80 solely for attending to the repairs of heavy machinery of the water works in moffussil places with head-quarters at Hassan, and to continue Mr.Isaac who is very well experienced. Mr.Isaac has been in receipt of a pay of Rs.50/- p for the last 6 years and it has therefore been proposed to start him on Rs.62/- in the above grade on account of his long stagnation.

2. As in the interest of the water works it is very necessary to have a man who can be depended upon to attend to the repairs of such essential services, I request that sanction of Government may kindly be obtained and communicated for the entertainment of a Mechanic in grade Rs.50-3-80 and to start Mr.Isaac on Rs.62/- in the above grade, his pay and T.A. being debited to the A.M.estimate of the Water Works pro-rata.

I have the honour to be,
Sir,
Your most obedient servant,

M Narasimha

CHIEF ENGINEER FOR IRRIGATION.

GCS/11th.

S. O.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Bureau of Sanitary Engineering.

Issues further instructions in regard to the transfer of the —— from the Public Health Department to the Public Works Department.

READ—

Government Order No. G. 7367-81—Sany. 31-29-9, dated 18th December 1929, passing orders about the formation of the Bureau of Sanitary Engineering in the Health Department.

2. Government Order No. G. 14053-106—Sany. 31-29-29, dated 31st May 1930, passing orders *re* establishment, budget and duties of the Bureau of Sanitary Engineering of the Health Department.

3. Government Order No. P. W. 1223-96, dated 26th August 1944, directing that the Sanitary Bureau be transferred from the Public Health Department to the Public Works Department.

4. Letter No. 3346, dated 24th October 1944, from the Chief Engineer for Roads and Buildings.

ORDER No. P. W. 5434-39, DATED BANGALORE, THE 26TH MARCH 1945.

In Government Order No. P. W. 1223-96, dated 26th August 1944, Government have ordered that the Sanitary Bureau Division be transferred to the Public Works Department. The Chief Engineer for Roads and Buildings has submitted proposals for suitably reorganising the staff of the Division.

2. The duties of the Division comprise :—

(1) (*a*) Maintenance of water supply installations, such as Kolar Gold Field and Mysore and of 31 smaller installations, such as Arkalgud, Konanur, etc.

(*b*) Preparation of schemes for water supply ;

(*c*) The sinking of bore-wells for water supply ;

(2) *Drainage.*—Preparation and execution of schemes for drainage, sewerage, etc.

(3) Installation and maintenance of sanitary fittings.

(4) Town planning, slum clearance, etc.

(5) Anti-malaria engineering works.

(6) Construction of rural and urban sanitary privies, bore-hole latrines, mutton stalls, slaughter houses, etc.

3. (i) The water supply installations at Kolar Gold Field and Mysore will be transferred to the Public Works Department and the Executive Engineer, Water Supply Division, Bangalore, will be in charge.

(ii) As regards the water supply schemes now in direct control of the Bureau of Sanitary Engineering, the municipalities that are meeting the full cost of maintenance may be addressed regarding taking over of the maintenance of such schemes under their direct control, the general supervision, however, being vested in the Public Works Department.

(iii) New schemes for water supply to towns will be prepared by the engineering staff of the Division, and the Director of Public Health will be consulted on the suitability of the source of water supply and the arrangement for purification of water.

(iv) All works costing Rs. 5,000 and below will be carried out by the Executive Engineers of the Divisions in whose jurisdiction the scheme lies.

4. (i) *Drainage.*—The schemes for drainage of towns and villages will be prepared by the Sanitary Division and will be sent to the Director of Public Health for his opinion, particularly in regard to the treatment and the final disposal of the effluent.

(ii) All works of drainage costing Rs. 20,000 and below will be executed by the Executive Engineers of Divisions in whose jurisdiction such works lie, works requiring special experience in sanitary engineering being carried out by the Sanitary Division.

5. (i) *Anti-Malaria Engineering Works.*—The schemes will be prepared by the Sanitary Division in close consultation with the Health Department.

(ii) The Director of Public Health will, during his inspections, examine the works in progress and communicate his opinion to the Chief Engineer for suitable action in the matter. The Executive Engineer of each Division will carry out these works.

6. *Sanitary Fittings and Water Supply Installations to Buildings.*—All works under sanitary and water supply installations connected with any particular building will be carried out by the agency in charge of that building, the estimates, however, being got prepared by the Sanitary Division.

7. *Town Planning.*—In view of the constitution of a Committee for Town Planning under a Director of Town Planning (Chief Engineer for Roads and Buildings), all works connected therewith shall be transferred to the Government Architect who will take instructions from the Director of Town Planning. The Director of Public Health being a member of the Committee will offer his opinion on the town planning schemes that come up for consideration before the Committee.

8. In regard to other miscellaneous works, such as construction of mutton stalls, slaughter houses, bore-hole latrines, sanitary privies, etc., the Executive Engineer, Sanitary Division, will invariably send the estimates to the Director of Public Health for his opinion before submitting them to the Chief Engineer for sanction.

9. Separate orders will issue in regard to the proposals for establishment that have been submitted by the Chief Engineer for Roads and Buildings. In the meantime, the Director of Public Health is requested to transfer all the works and the entire establishment, both executive and clerical, connected with the Bureau of Sanitary Engineering to the Public Works Department.

10. The Chief Engineer for Irrigation will have the administrative control of water supply schemes, both maintenance and execution, and the Chief Engineer for Roads and Buildings will be in administrative control of all other items of activities of the Bureau of Sanitary Engineering referred to above.

K. D. JOSHI,
Secretary to Government,
Public Works Department.

To—The Secretary, Law Department.
The Chief Engineer for Irrigation in Mysore.
The Chief Engineer for Roads and Buildings.
The Director of Public Health in Mysore.
The Comptroller to Government.
The Architect.
